Yahoo review:

However, I have had the great fortune of staying at the Best Western Airport Plaza hotel in Reno NV many times. It's proximity to the Reno/Tahoe international airport is perfect; within easy walking distance from hotel to airport terminal. The hotel staff is always pleasant and accommodating. The rooms are well appointed with a nice desk, chairs, etc. One of the things I really like is the perfect firmness of the mattresses and the variety of pillows. I sleep in these beds as well as or maybe even better than at my own home.

A huge bonus is the business center where they offer free copies and internet access with print capabilities to guests. The restaurant adjacent to the lobby is excellent; offering great daily lunch and dinner specials. It is SO nice to not have to get dressed and leave the hotel to get a really good dinner!

A feature that brings me back here is the atrium just off of the lobby. Fully grown trees, lush grass, a fireplace surrounded by comfortable chairs make this a perfect oasis at the end of a day. I highly recommend that if recreation or work takes you to the central Reno area you consider staying at the Best Western Airport Plaza Hotel. You will not be disappointed and like myself will probably become a repeat visitor!
